

EXCURSIONISTS VIEW WONDERS OF DRY FARMS

Large Crowd Takes Advantage
of M. & M. Excursion
to Nephi.

UTAH OPPORTUNITIES
ARE ABLY EXPOUNDED

SPEECHES DELIVERED AT BIG
GATHERING IN TABERNA-
CLE AT NEPHI.

Interest in the excursion to the dry farming district near Nephi drew a large crowd from Salt Lake and the towns along the Salt Lake Route. Of course, there were many "boosters" among the excursionists, merchants, manufacturers belonging to the M. & M. association and representatives of large business and manufacturing plants. There were also some pleasure seekers. The remainder of the crowd was made up of persons who were interested in dry farming and had seized the opportunity to go to the state experimental farm to secure information that would be useful to them.

QUIET PREVAILS AFTER PILLAGING

Bloodshed at an End Temporarily in Teheran and Adjacent Towns.

St. Petersburg, July 10.—A special dispatch received here from Tabriz says that fighting has occurred between Cossacks and Persian irregular troops in the vicinity of the villa, a few miles outside of Tabriz. Five Persians were killed and several were wounded. Cossacks are pillaging the highways between the villa and Tabriz. Although the irregulars were repulsed, they continue to threaten the villa in large numbers. The surrounding country has been abandoned to pillage and the people of the nearby villages have taken refuge behind the walls of the consulate.

For the last few days M. Pohlmann, the consul general, played a leading role in the government of Tabriz. He fled to his villa, taking with him as escort a majority of the available Cossacks shortly after the arrival of Raski Khan. The lives and property of the Europeans and the consular officials at Tabriz are protected by only a handful of troops. The American consul at Tabriz is William F. Doty.

Rioting in Teheran.
Berlin, July 10.—The Teheran correspondent of the Lokal Anzeiger reports that a body of Cossacks this morning totally demolished the most prominent cafe in Teheran, declaring that they were acting under imperial orders. It was from this cafe that the bomb was thrown and the shots were fired during the bombardment of the parliamentary buildings, which killed several Cossacks. The people today witnessed the destruction of the cafe with its contents. No shots were fired. The Cossacks are practicing daily with the new machine guns, under the direction of Russian officers.

Tabriz Again Quiet.
London, July 10.—A dispatch from Teheran to the Times says that after days of bloodshed and pillage, Tabriz is reported calm. Both parties claim to have won a victory.

LARGE CROWD EXPECTED
Tintie Will Do Herself Proud on "Smelter Day"—Committees Are Working Hard.

Eureka, July 9.—It is expected that fully 2,000 people will attend the celebration of the opening of the new Tintie smelter on "Smelter day," on the 24th inst. Special trains will be run over the Salt Lake Route from Nephi, Provo and Salt Lake City.

At a meeting of the Tintie Commercial club, under whose auspices the celebration has been arranged, the various committees were appointed to perfect arrangements. These committees are now working like beavers to make the affair a grand success. So far the program has not been definitely decided, but it is now settled that one of the features of the day will be a brilliant illumination of Eureka at night, and a grand display of fireworks will be an exhibit of the early methods of mining in the district by three or four of the oldest working miners now living.

It is almost certain that Senator George Sutherland, who was born and raised in Silver City, will address the people who are sure to be present. His subject will be "Tintie in the Past, Uncle Jesse Knight will furnish a speaker, who will talk of "Tintie of the Future."

Everything that possibly can be done for the comfort of the visiting ladies, children and old people is being perfected and a grand bower for their special use will be erected. There will also be about three or four booths for the serving of refreshments during the day.

An information committee has been appointed in each of the camps of the district, with headquarters at each place. They are made up as follows:
Eureka—C. E. Hulse, Joseph Larson and William Davis, with headquarters at the Commercial club rooms.
Mammoth—J. E. Diehl, Charles Walsh and Harry Elmer, with headquarters at the Mammoth Hotel.
Silver City—George Paxman, J. M. Taylor and Burt Brown, with headquarters at the Paxman hotel.

The above gentlemen will be only too glad to furnish information to visitors, who are not familiar with the camps, in regard to mines and prospects, and as to the manner of reaching them, and they will also see to it that all who wish to remain at night will be properly lodged. A member from each committee will be in attendance at the smelter during the entire day, and will be in telephone communication with the other members. Visitors therefore will have no difficulty in finding suitable quarters and they can also get their excursion tickets extended by paying the difference to the local agents.

There is no reception committee, but instead all the members of the Tintie Commercial club have invited the citizens and all the members of the different secret societies throughout the district to cooperate with them and give the visitors the royal time of their lives.

Arrangements are being made for the attendance of the two bands of the district. The Eureka brass band and the Mammoth silver band, on refreshments and other minor matters necessary to a complete success have been formed, and they are making good progress with their work.

All trains will go direct to the smelter first and immediately upon their arrival, the great barbecue will commence. Following this will come the exercises and the program. For the benefit of the local people as well as the visitors, trains will be run between the three points, Eureka, Mammoth and Silver City, throughout the day.

PLAGUE IS HELD IN CHECK
Smallpox Scourge in Brigham Due to Carelessness of One Family.

Brigham, July 10.—The smallpox situation in this city is now strictly under quarantine and is being diligently fought by the board of health. Several new cases have broken out during the week, among whom are Norman Lee, Mrs. Camilla Macdonald and Misses Amy and Florence Lee. The disease is in a mild form, but should it continue to spread it is hard to tell how malignant it may get. We were informed by one of our physicians that in the start of the disease, there was carelessness on the part of those first afflicted. The disease, we are told, broke out first in A. Madden's family, and while thus afflicted they mingled with other people, not thinking it was smallpox, on account of the mildness of the disease. When the doctor sent a man down there to fumigate they refused him entrance. The board of health sent him down again, but still they refused to submit, and would not give in until the city marshal accompanied the city fumigator, and then the house was thoroughly fumigated. We have to think such carelessness as this is altogether excusable.

Fire broke out in the barn of William Gilbert, Tuesday, in which a team, belonging to Mr. Whitaker, was standing harnessed. One animal broke loose and ran up with the burning harness on, and the animal was badly burned. Ointment was applied to the burns and the horse taken home. The barn was also burned.

Much preparation is being made to entertain the Scandinavians of the state in this city, Sunday. At least 5,000 visitors are expected.

STATE INSANITY BOARD
Hold Regular Monthly Meeting at Provo—Mr. Barnes Pays Compliment.

Provo, July 10.—At the meeting of the state board of insanity, held yesterday, the treasurer reported the following condition of finances:
On hand June 1.....\$2,173.68
Receipts from state warrants.....4,478.98
Total.....\$6,652.66
Warrants paid during month.....5,119.57
Balance on hand July 1.....\$1,533.10
Appropriations for June were made as follows:
Salaries.....\$2,232.45
Superintendent Calder's report on the movement of patients showed 129 men and 12 women in attendance May 31; 5 men and 3 women admitted during the month; 8 men and 3 women discharged; 1 man and 1 woman died; 15 men and 12 women, \$74 in all remaining July 1, which is a less number than have been in the hospital at any time since 1901.

Governor Cutler reported that a fine compliment had been paid the management by John R. Barnes of Kayville, who had lately visited the institution. He had called on Governor Cutler for the purpose of stating that he had been

Are Your Sox Insured?

We Sell the Kind That Are. Read This Guarantee of Holeproof Sox that—

Wear Six Months Without Holes.

GUARANTEE. We guarantee to any purchaser of Holeproof Socks that they will need no darning for six months. If they should, we agree to replace them with new ones, provided they are returned within six months from date of sale to wearer.

Holeproof Hosiery

For Men and Women. Holeproof Hosiery is stocking, luxury, but not extravagance. It is made of long fibered Egyptian cotton, knit by special process and reinforced in the heels and toes, where the hardest wear comes. It is soft and flexible and always easy on the feet. It retains its original shape and is as handsome as any hosiery you ever saw. If you test it once you will never wear any other.

Men's Holeproof Sox are made in fast colors—Black, Tan (light or dark), Pearl and Navy Blue. Sizes 9 to 12. Medium or light weight. Sold only in boxes containing six pairs of one size—assorted colors if desired. Six months' guarantee with each pair. Per box, six pairs, \$2.00.

We also sell Holeproof Stockings for women; reinforced garter tops—Black and Tan, sizes 8 to 11. Under the same guarantee. Per box, six pairs, \$2.00.

WE ARE DISTRIBUTORS FOR SALT LAKE. Poulton-Madsen-Owen & Co. 111-113 MAIN ST.

I wish I had bought Holeproof Sox.

Dr. Price, the famous food expert, has produced a product called

DR. PRICE'S WHEAT FLAKE CEREAL

which is considered to represent the highest food production. Its healthful qualities are unsurpassed.

JUAB CO. ASSESSMENT.

Makes a Grand Total of All County Property of \$5,356,119, Showing Large Increase.

Nephi, July 10.—The county clerk has forwarded to the state board of equalization property, less the reductions made by the county board of equalization, making a grand total of \$5,356,119. This is \$12,229 less than last year's total valuation. The cause of the big decrease in the grand total from last year is due to the big slump in the net proceeds of mines, brought on by the panic of last fall. The net proceeds, as reported this year, totals \$362,474 less than the total of last year, but the increase in property assessed by the state board of equalization (\$42,294), as well as that of some other property values, neutralizes somewhat the heavy decrease in net proceeds.

The totals on other property is as follows: Total number of acres of farm lands, 145,914; value, \$22,119. Value of town and city lots, \$23,610; value of mining claims, \$48,650; improvements, \$31,730; number of horses and mules, 1,261; value, \$2,225; 5,312 head of cattle, value \$9,352; 85,380 head of sheep, value \$230,930; 138 swine, value \$2,855; 267 colts and horses, value \$810; merchandise, etc., \$15,675; machinery, etc., \$224,850; bank stock, \$111,000; money, \$3,000; personal, not otherwise enumerated, \$65,222; net proceeds of mines, \$1,485,529; total of all property assessed by state board, \$1,293,629.

INTEREST IN SCHOOL ELECTION. Eureka, July 10.—That considerable interest will be taken in the coming school election is an established fact. Never before at a primary for the nomination of candidates for school trustees has such a crowd turned out as did in Eureka to-night. A large number of ladies were present, and in all about 120 people were there. C. C. Griggs and Frank A. Cromar were the candidates nominated for the three-year term and John Morley and Laurence Blackett will oppose each other for the one-year term. The election will take place next Monday afternoon, and it is expected that the contest for the two places will be a hot one.

Letter From Louisiana. Mrs. A. C. Brainard of Jennings, La., wrote on April 21, 1904: "Please send me three bottles of Graefenberg Children's Panacea for the enclosed \$1.50. We used it many years ago. In Minnesota, for our children, and now we would like to get some for our little grandson, so that his teeth may come easier and quicker. I consider it the best medicine for the little ones that I ever knew of. It saved my son's life when he was an infant thirty-five years ago."

There must be great merit in a remedy, which produces such records. Advertising alone could not keep a children's medicine in such high favor for so many years.
